A. JoMoCon Committee is a Joplin, Missouri based nonprofit corporation consisting of five Board members that was formed in January of 2020. Our organization is dedicated to the planning, organization, and facilitation of an annual, public event that will take the form of a convention or other similar format of public gathering to achieve our stated exempt purposes. Anyone will be able to attend by purchasing admission to the event for a price that is reasonable and maximizes public access. The convention will provide the general public with opportunities to be exposed to and educated in the many forms of regional and international art. Such mediums may include, but are not limited to: painting, sketching, creative writing, animation, graphic art, wearable art, culinary art, martial arts, sculpture, performance art, and interactive artforms. It will also provide a platform to raise awareness and support of other local 501(c)(3) charitable organizations. The event will be comprised of the following elements:

PANELS - The public will be able to attend educational seminars, discussions, demonstrations, and presentations. These are collectively known as panels, and represent the primary activity of the convention. Numerous panels are held throughout the event and provide the attendees with access to information and content relevant to the previously mentioned mediums of art and cultural expression. Examples may include a presentation on the growing trends of digital art in America, a screening session of exemplary Japanese animation, a demonstration of historical European martial art styles, or even a discussion panel on the social influences of contemporary Midwestern literature. These panels can be led by degree-holding experts in a particular field, practicing artists, or enthusiasts/fans who wish to share their experiences or facilitate discussions about their area of interest. Panels are chosen by a vote of the Board of Directors based on the quality and content of the proposed panels.

GUESTS - The convention will host guest artists for discussions, Q&A, as well as demonstration performances. The purpose of this is to provide the attending public with access to first hand accounts and knowledge from those who engage in the production of visual, physical, digital, interactive, and performance art.Examples may include painters, writers and authors, digital media artists, musicians, theater actors, and voice actors. The Board of Directors will choose guests to host by a vote based on the relevance of the artist's experiences and creations as well as travel cost considerations. EXHIBITION ROOM - The convention will include a room for the promotion of public interest in the various artforms. The room will be utilized by local artists and licensed conveyors of works from foreign or lesser known domestic artists who display exemplary creations of literary pieces, paintings, sculpture, graphic art, etc to the general public that attends the event. The primary purpose of all activities, including the exhibition room, is to provide the attendees with informative experiences in the arts and diverse cultures. However, the artists will not be prohibited from selling their works, at their discretion, to interested attendees during the event. The Board of Directors will vote on what artists are to be given booth space based on the relevance and content of the items to be exhibited. Additionally, only artists or conveyors of art that have no business or personal relations to the members of JoMoCon Committee will be selected to receive booth space, nor does JoMoCon Committee engage in any selling of art or other products. COMPETITIONS - All members of the attending public will have the opportunity to participate in competitions. These competitions will be aimed at fostering interactive artforms. An example would be a cosplay competition, in which participants must create their own historical, cultural, or character based wardrobe design. Other examples may include competitions based on the creative or strateg

fostering interactive artforms. An example would be a cosplay competition, in which participants must create their own historical, cultural, or character based wardrobe design. Other examples may include competitions based on the creative or strategic use of printed or sculpted media. Competitions may include a prize for the chosen winner that will be obtained by donation from a local business or other organization. Competition winners will be decided by volunteer judges using a predetermined set of publicly available rules and criteria based on competitor creativity, ingenuity, and strategy. None of these competitions, or the methods by which the winners are chosen, will be based on the gaming format of bingo or other such games of chance.
